FYI – Per Houston Region

Great Day Houston is telling people to call TCEQ for information on testing private water wells.

https://www.tceq.texas.gov/assets/public/response/hurricanes/hurricane-flyer4_9.6.17.pdf

This lists information for private water well users.

https://www.tceq.texas.gov/assets/public/permitting/watersupply/pdw/tcr/RTCR_LabList.pdf

List of labs accredited to run Bacts. If it is a private well owner they should contact the lab in advance to determine if the lab will accept their sample. In the past City of Houston would run samples for citizens and they certainly do it for water systems surrounding the Region.

<http://publichealth.harriscountytexas.gov/Services-Programs/All-Services/Drinking-Water>

<http://publichealth.harriscountytexas.gov/Portals/27/Documents/Organization/EPH/BacteriologicSamplesOfDrinkingWater.pdf>

I would check with Harris County PHES (713-274-6300) they are also willing to help out citizens with their private wells.

Thanks,

Letty
